When you need METAL PRODUCTS...think AMERICAN!

AMERICAN METAL PRODUCTS

a computerized manufacturing facility for high quality custom products.

For over 40 years, American Metal Products has built a reputation for customized, quality fabricated metal products.

Aluminum Computer Kiosk for Epcot

Our manufacturing facility is located near Silver Star Rd and Princeton Ave on the North West side of Orlando. Our equipment consist of a computer-controlled Laser cutting machine, a shearing system with 1/4" x 12' steel

capacity. A computer controlled punch press guaranteeing precision and consistency. Computer-controlled press break forms metal parts at 135 ton capacity. Tube rolling can be achieved from our custom built roller.

Our experienced craftsmen are capable of fabricating a multitude of products utilizing aluminum, brass, copper, galvanized, stainless steel, and carbon steel.
